## Commissioner Lee Powers to Speak to April Meeting

Lee Powers is a long time resident of Carroll County living in Whitesburg. He is in his first term representing the residents of District 5 as their County Commissioner. Lee has a strong interest in the Carroll County Parks and especially in the new Moore's Bridge Park on the Chattahoochee River. His program will update us on Moore's Bridge enhancements and other exciting things that are going on with some of our county parks.

Lee is a cattle farmer and general contractor. He currently owns and operates Powers Farms and Dominion Contracting, LLC. Lee raises beef cattle and specializes in the building of medical facilities and other commercial properties in Georgia.

## Message from President Scott Eldred

The general meeting we had last month at the Depot was somewhat different . Curtis Spivey stirred some old memories and left us all remembering of times, places and sounds of trains from days of long ago. Memories are a big part of life, also a big part of history. We will have to have Curtis back again.

Last year Gwyn Chesnut started the remembering programs and with great success. Any program or speaker we have that, when the program is over, the people are still talking about it a week later is a good program.

We are still working on sorting out pictures, letters, documents and other articles. We can use some help with this sorting, anyone interested in helping for 3 or 4 hours a week, please call Gwyn or me. Carter is very busy getting these items in the archival system & is developing a search system to find any piece of history that anyone may want to see. We have been given pieces of furniture from the Primitive Period which we will put in the James D. Moore home when we are done with the restoration and it becomes a museum.

After the storms we had earlier this month, I went to the Moore's bridge park to check on the house and was happy to see no damage. The huge trees in the back of the house will need some tender loving care soon. The flats down by the river were flooded. Now I have a better idea of what we can expect after huge amounts of rain.

The Boy Scout's will have another layer of trash to pick up. This Scout Troop is a real blessing. These boys have a great amount of energy to do this difficult job.

We are in need of a couple of people that would write an article to be published in our newsletter. I know that our readers would like to hear of different things from around the county that has happened in the past. Also, you can do a "remembering program" of your chosen topic or of a memory from the past.

We will be having our meeting again this month at the beautiful Carrollton Depot. Please come!

Scott
